بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

إِنِّ أَجْرِي إِلَّا عَلَى اللَّهِ وَهُوَ عَلَى كُلِّ شَيْءٍ شَهِيدٌ  
"My reward is only from Allah. And He is a  
witness over all things"

### Cutting & Assembly Tip:

For easier assembly, leave a border space along the sides that will be connected. These extra edges allow the pieces to overlap and stick together neatly when forming the ark.

# **1**

**Prophet Nuh (A.S.)  
was a kind and patient man. Allah  
chose him to be a messenger to  
guide his people to worship only  
Allah.**

# **2**

**The people of Nuh (A.S.)  
did not listen to him. They  
worshipped idols and refused to  
believe in Allah. Prophet Nuh called  
them for many, many years  
but only a few  
people believed.**

**3**

**Prophet Nuh (A.S.) told his people that Allah would send a big flood if they did not stop doing wrong. They still laughed at him and did not listen.**

**4**

**Allah told Prophet Nuh (A.S.) to build a big ark (ship). He and the believers started building it together, even though people made fun of them.**

**5**

**When the ark was finished,  
Allah told Prophet Nuh  
(A.S.) to take on it his family,  
the believers, and two of  
every kind of animal.**

**6**

**Then it started raining and  
raining — water came from the  
sky and from the ground!  
The whole land was covered  
with water.**

**7**

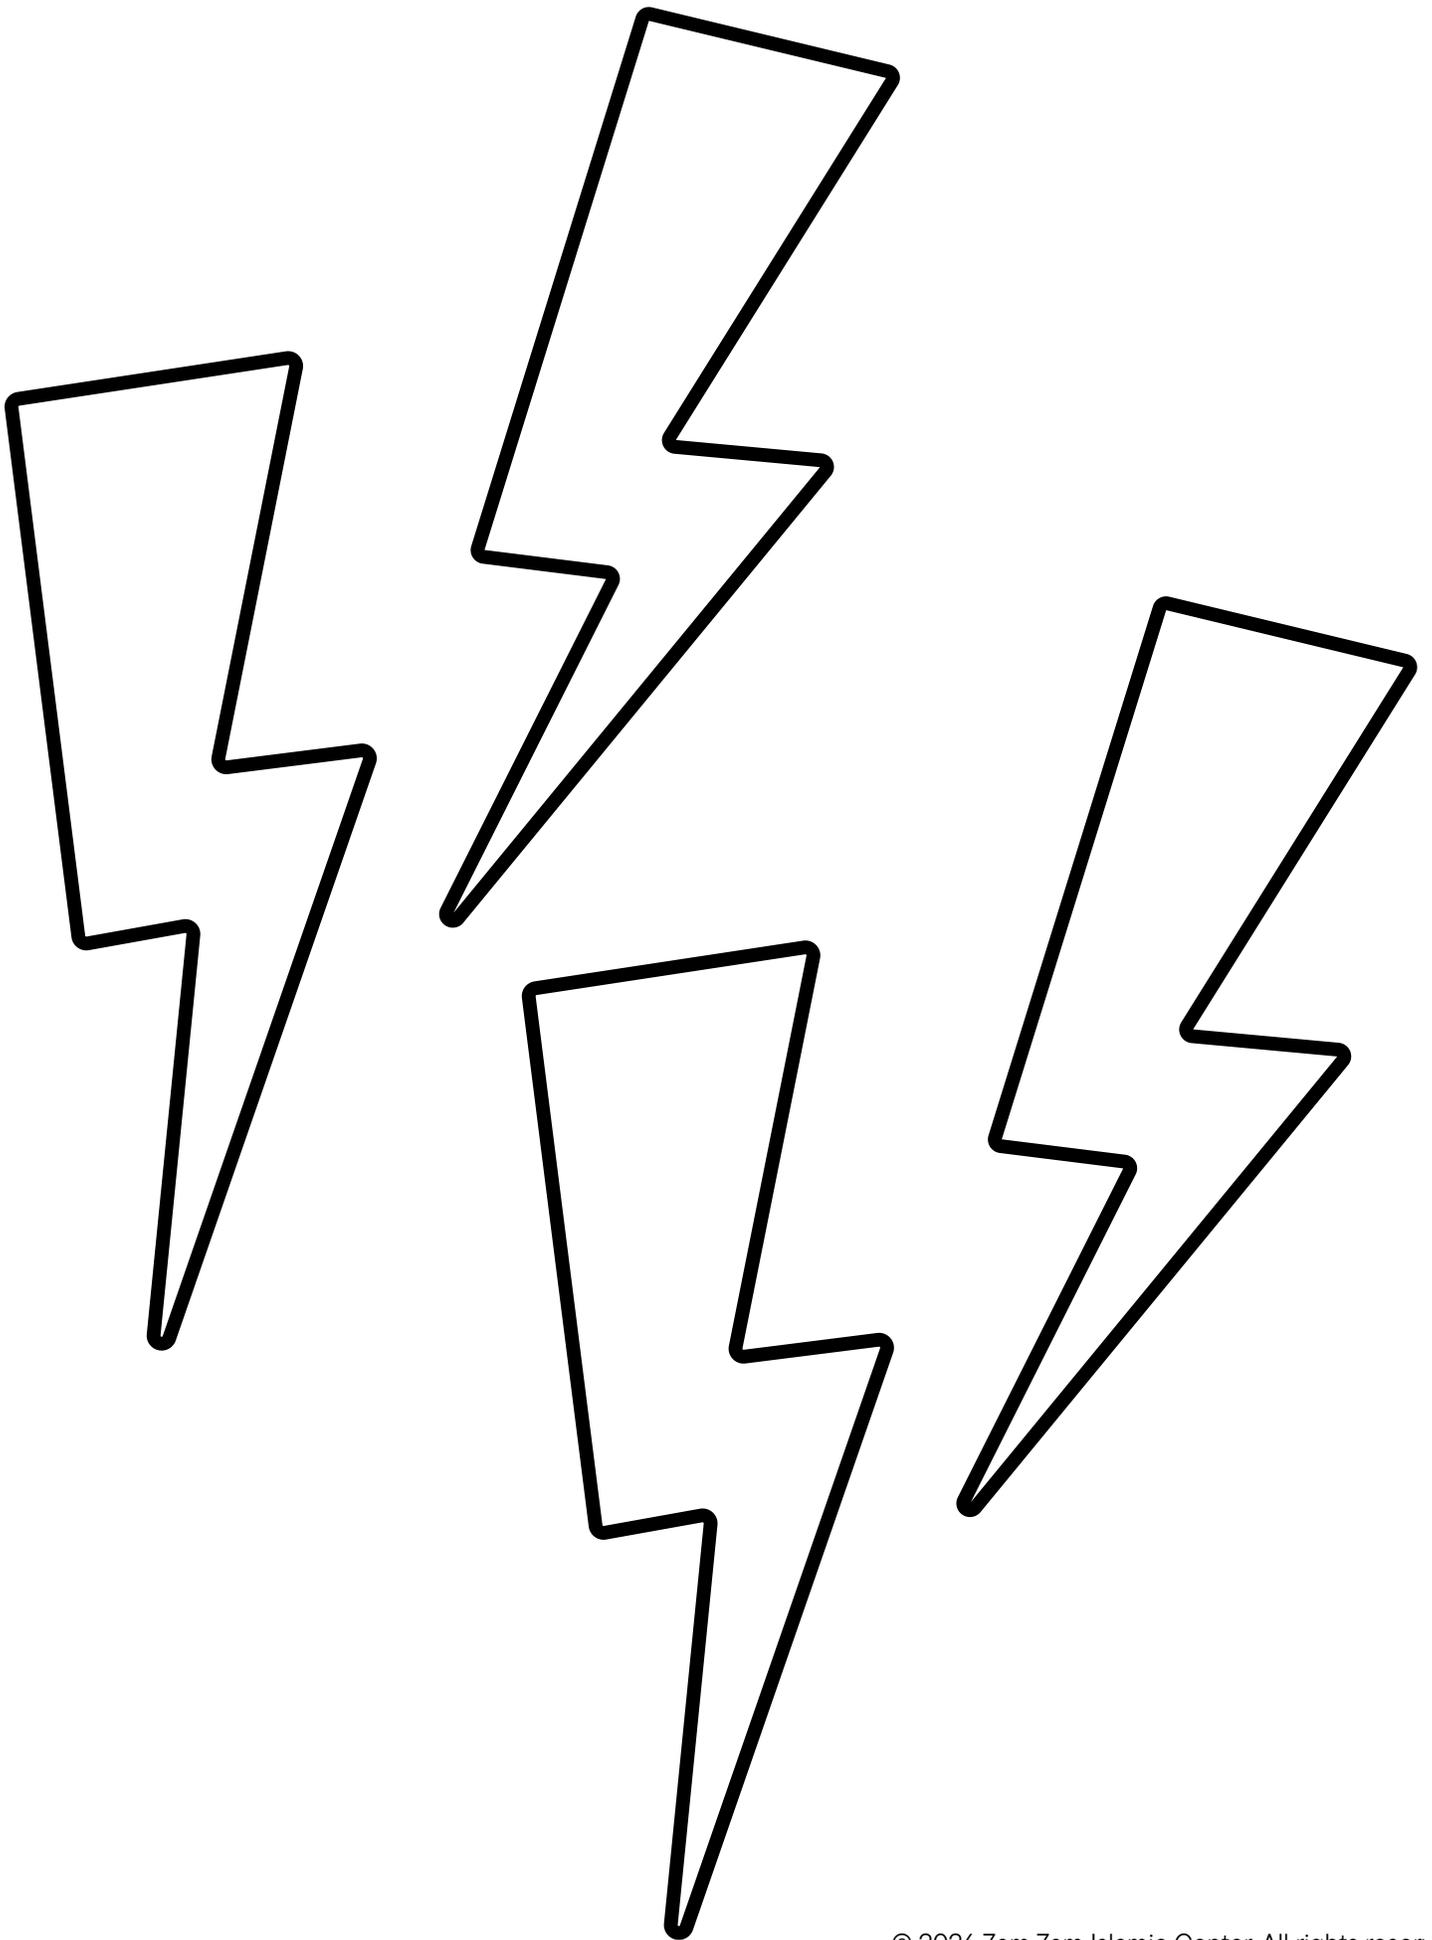

**The ark floated on the water.  
Prophet Nuh (A.S.) and the  
believers were safe from the  
flood because they obeyed  
Allah.**

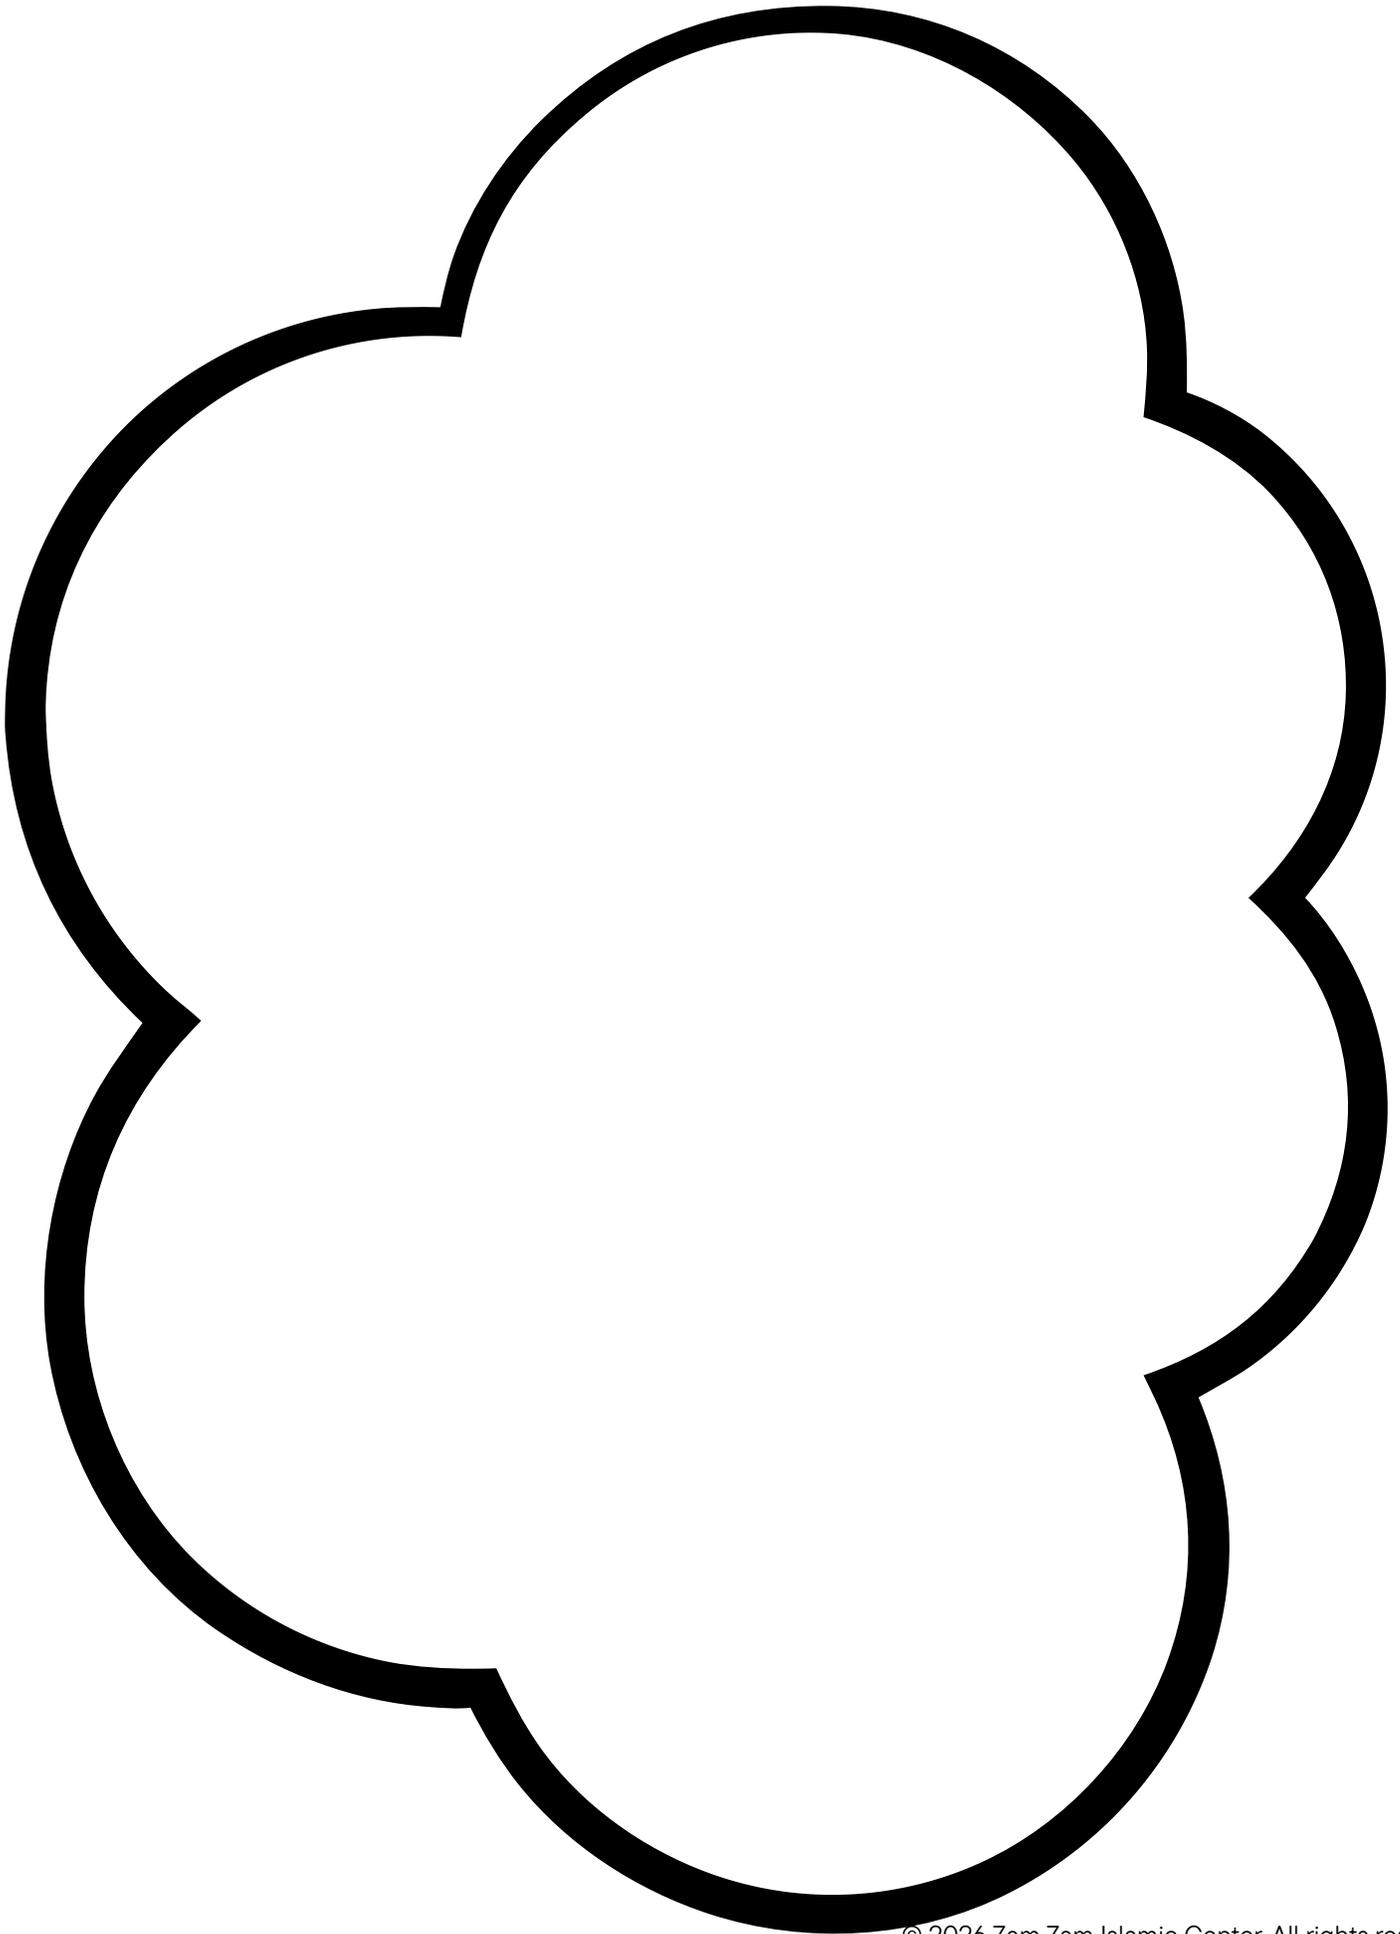

**8**

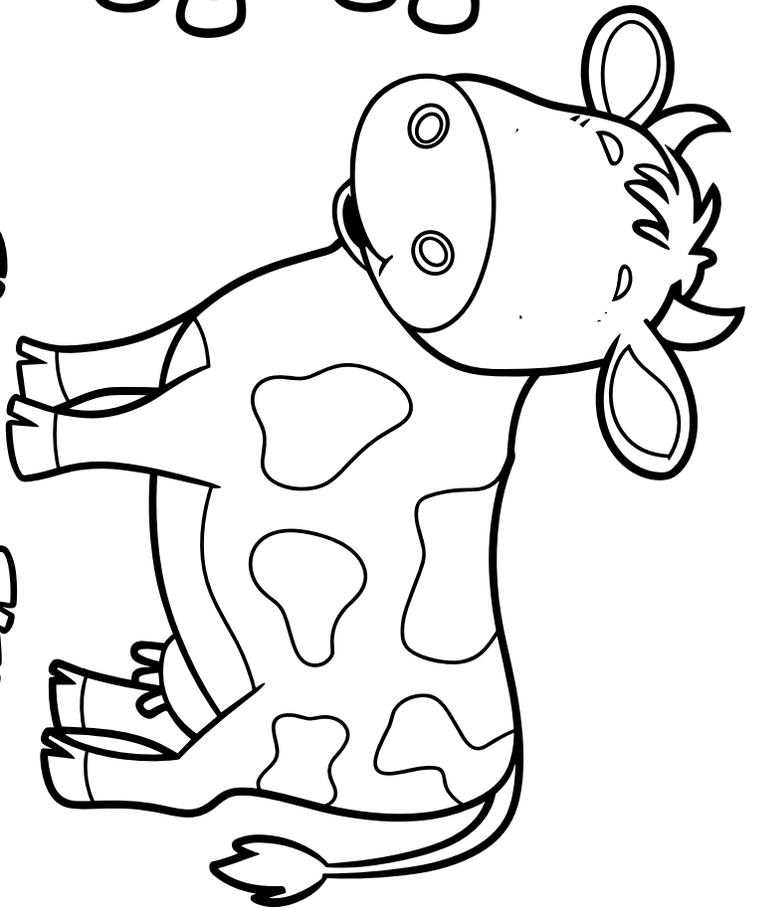

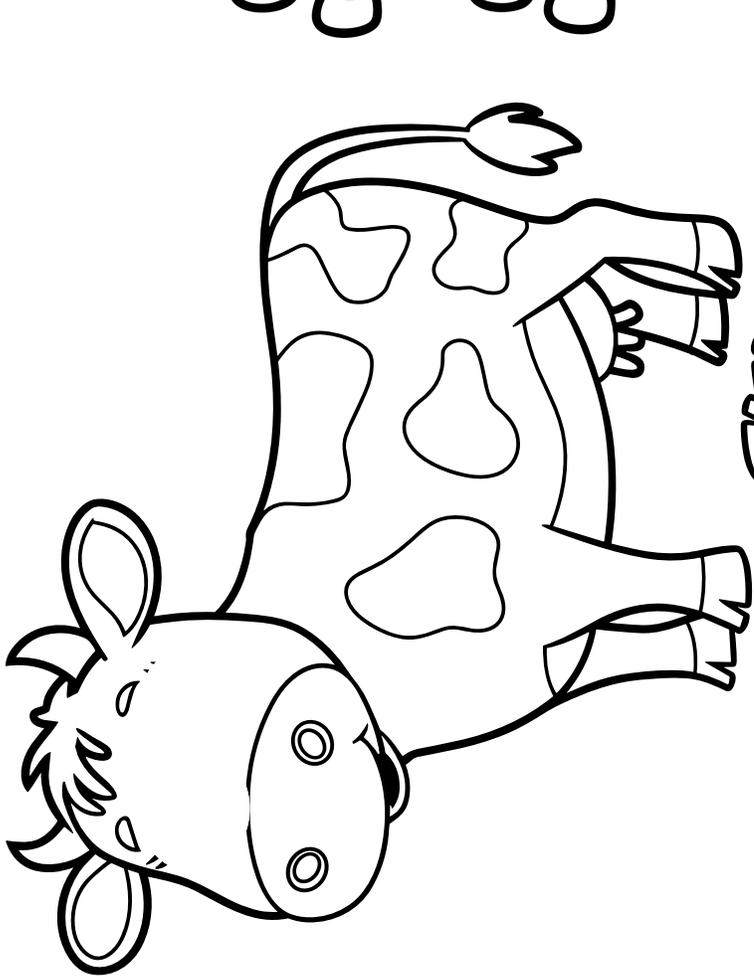

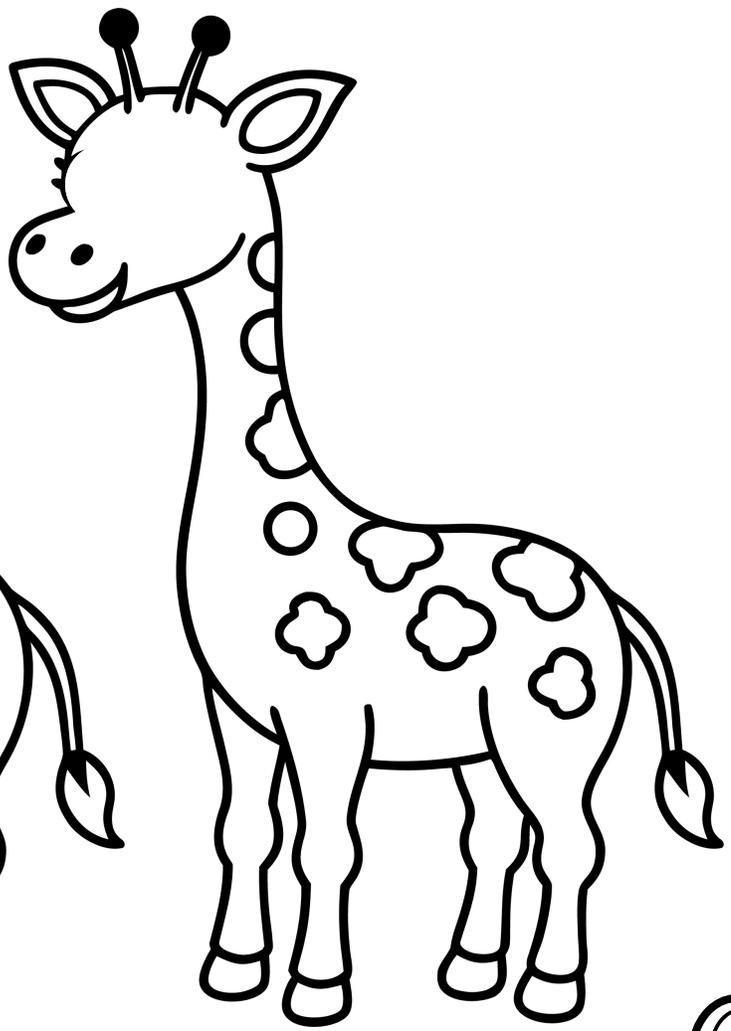

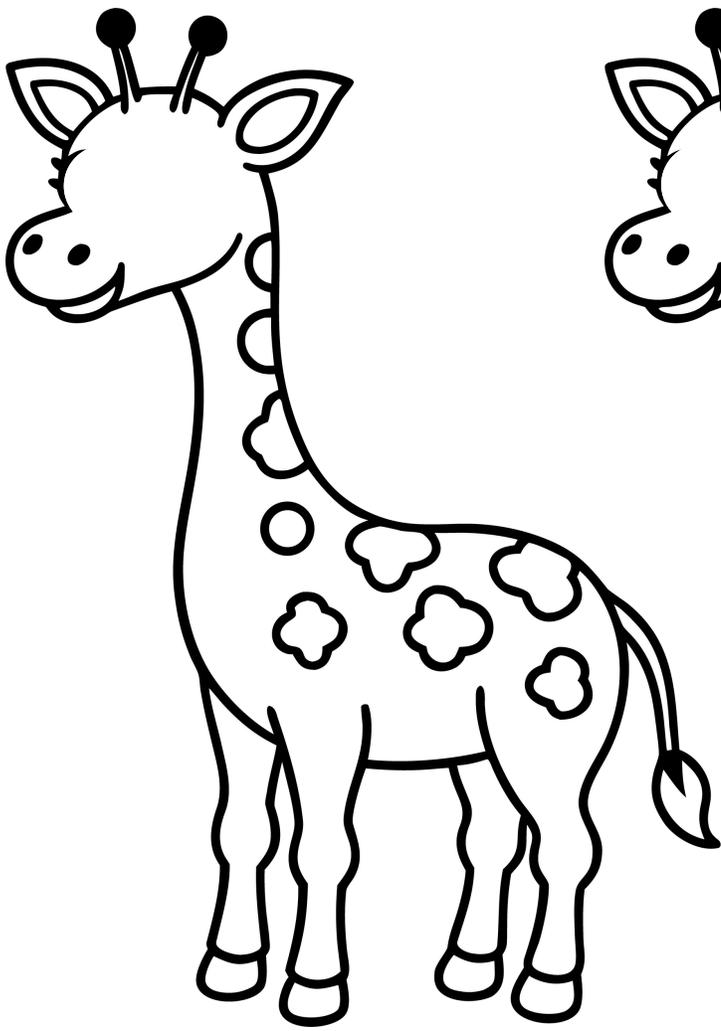

**After many days, the rain  
stopped and the water began to  
go away.  
The ark rested on a mountain.**

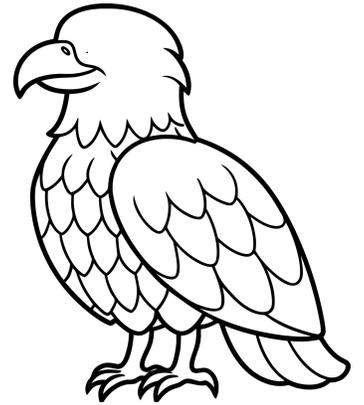

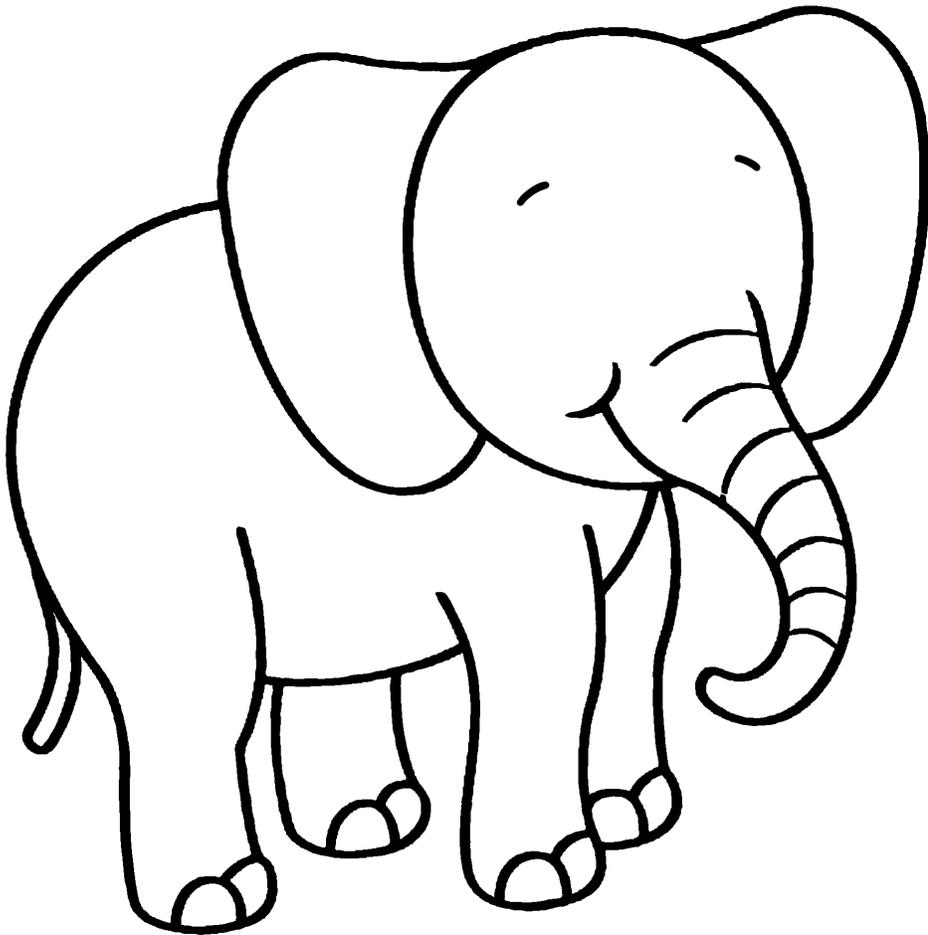

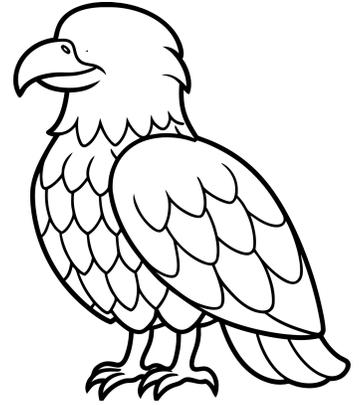

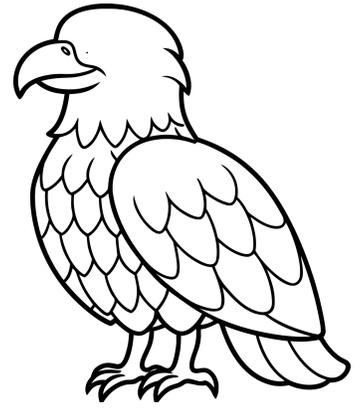

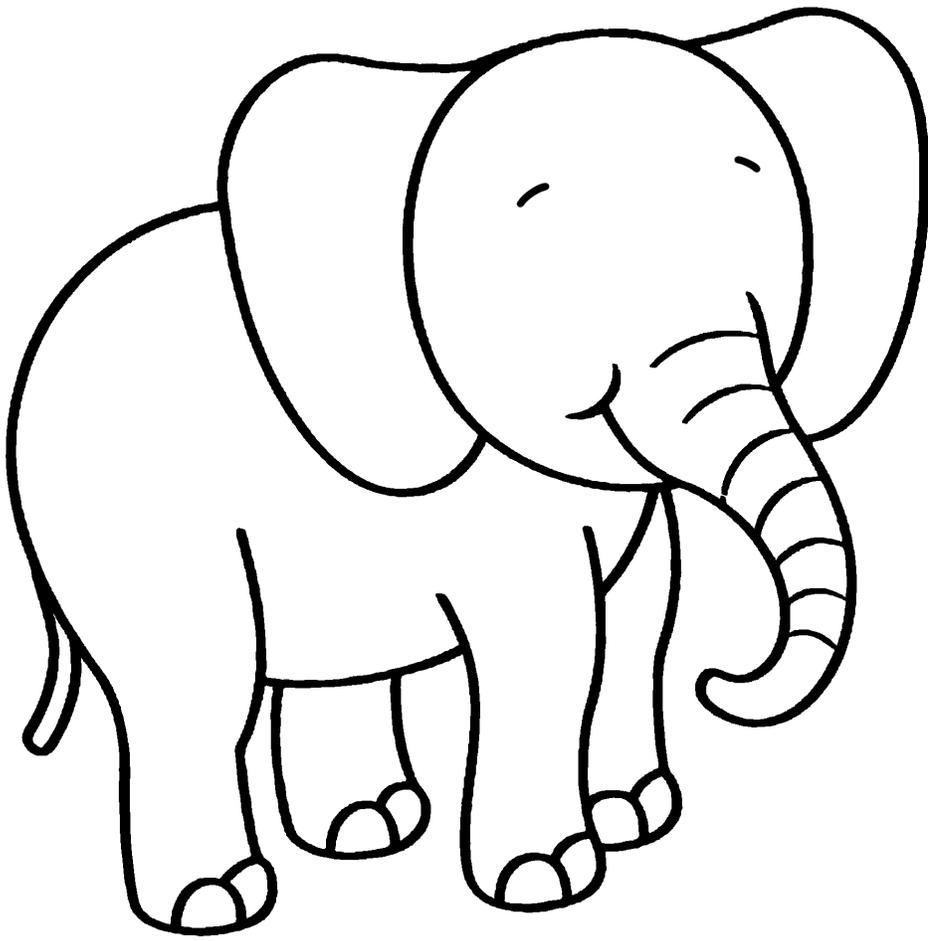

# 9

**Prophet Nuh (A.S.) and the believers came out of the ark. They thanked Allah for saving them and started a new life worshipping Allah alone.**
